SUMMARY

Passionate Graphic Designer transitioning into UI/UX design with a strong foundation in visual communication, branding, and user-focused creativity. Experienced in crafting clean, minimalist, and impactful designs across digital media. Currently expanding skills in user research, wireframing, and interaction design to create intuitive and engaging user experiences. Eager to combine creative design thinking with usability principles to build meaningful digital products.

WORK EXPERIENCE

Junior Graphic Designer (Part-Time), Wagman Digital	June 2024 - May 2025
- Designed a variety of visual content for digital platforms, including infographics, blog graphics, and social media creatives. - Contributed to ad campaigns, branding materials, and web design layouts, ensuring alignment with brand identity and client objectives. - Created eBook designs and optimized visuals for LinkedIn and other social platforms to enhance engagement. - Gained hands-on experience in fast-paced, client-focused projects, strengthening creative and technical design skills.	
Design Co-Head, A. P. Shah Institute Of Technology	A. Y. 2023 - 2024
- Led the design team for college events and festivals, overseeing the creation of digital and print media. - Designed banners, posters, social media posts, thumbnails, and stories to promote college activities and fests. - Collaborated with cross-functional teams to maintain consistent branding and creative direction across all platforms. - Enhanced leadership, project management, and creative problem-solving skills through team coordination and event branding.
